## CARBON MONOXIDE ALARMS SAVE LIVES

Carbon monoxide (CO) is an odourless, colourless, tasteless, deadly gas. Elevated levels of carbon monoxide can cause illness or death before people even know it is there.

A carbon monoxide alarm will alert you if dangerous levels of carbon monoxide are accumulating. Carbon monoxide alarms should be installed outside each sleeping area and are most effective when interconnected throughout your home.

If your carbon monoxide alarm sounds or you suspect carbon monoxide in your home, immediately move to a location with fresh air and call 9-1-1.

## PROPERLY DISPOSE OF SMOKING MATERIALS

Smoking materials is a leading cause of outdoor fires. Reduce the risk of fire by safely disposing cigarette butts after use.

- Use deep, heavy ashtrays that do not tip over.
- Use ashtrays that are made out of non-combustible materials like metal, ceramic or glass and have a lid.
- Don't let ashtrays become so full that hot ashes might spill over the side.
- When outside, partially fill your ashtray with sand or water to discard and douse your cigarette in.
- Never discard smoking materials in vegetation, mulch, peat moss, potted plants, leaves, grasses, or other easily combustible materials.

For more information, visit [saskatoon.ca/fire](http://saskatoon.ca/fire).

## NEEDLES & SHARPS

If you find a needle, follow these steps:

- Do not recap the needle.
- Wear garden, work or medical gloves.
- Use tweezers, pliers or tongs to pick up the needle by the end that is not the sharp end. Keep away from your body.
- Place the needle, sharp end first, into a hard container that needles cannot poke through (e.g. liquid laundry detergent or bleach container).
- Fill a container no more than 3/4 full. If a container is too full, the needles may poke through the side.
- Put the container lid on tightly and tape it.
- Wash your hands with soap and water.
- Store the container in a safe place away from children until you can dispose of it safely.
- Do not place needles in city garbage or recycling.
- Place in a needle drop box in your community.

Call 306-655-4664 if you do not have these clean-up items.

If you are not comfortable handling or disposing of a needle on public property, call the Saskatoon Fire Department: **306-975-3030**.
