

SITE A - Midtown Shopping Centre North Parking Lot

The image on the right represent artistic illustrations of one of many possible concepts for a new event centre/arena and Downtown Event & Entertainment District at each of the potential site locations. Beyond demonstrating the potential general locations of the future event centre/arena, BRT Stations, a new or expanded convention centre and other development opportunities in the surrounding areas, no aspect of this illustration should be considered to be pre-determined as they are simply conceptual possibilities. Following City Council's formal selection of the event centre/arena site location, the Master Plan for the Downtown Event & Entertainment District, as well as conceptual designs for the new event centre/arena and new or expanded convention centre, will begin. Public and key stakeholder engagement will be undertaken during these future stages of work to help define the ultimate vision of the District.

SITE B - North Downtown/City Yards

The image on the right represent artistic illustrations of one of many possible concepts for a new event centre/arena and Downtown Event & Entertainment District at each of the potential site locations. Beyond demonstrating the potential general locations of the future event centre/arena, BRT Stations, a new or expanded convention centre and other development opportunities in the surrounding areas, no aspect of this illustration should be considered to be pre-determined as they are simply conceptual possibilities. Following City Council's formal selection of the event centre/arena site location, the Master Plan for the Downtown Event & Entertainment District, as well as conceptual designs for the new event centre/arena and new or expanded convention centre, will begin. Public and key stakeholder engagement will be undertaken during these future stages of work to help define the ultimate vision of the District.
