Truck Permit Application

CITY OF SASKATOON – EXCESS LOAD - DIMENSION REFERENCE

LICENSED EXCESS LOADS

WIDTH (Any loads less than or equal to 2.6 metres in width are considered legal)	
> 2.6 metres	Red flags on the extremities of the load overhanging the sides or rear of vehicles
> 3.05 metres	“Oversized Load” Sign at the rear, in addition to the above requirements
> 3.3 metres	A minimum of one amber flashing or rotating beacon visible for 200 metres, in addition to the above requirements
> 5.0 metres	One pilot vehicle (rear only), in addition to the above requirements
> 5.49 metres	Two pilot vehicles (one front and one rear)
> 7.32 metres	Police assistance is required

LENGTH (Any loads less than or equal to 25.0 metres in length are considered legal)	
> 25.0 metres	“Oversized Load” Sign at the rear
> 27.5 metres	Amber beacon, in addition to the above requirements
> 31.0 metres	“Oversized Load” Sign at the front, in addition to the above requirements
> 34.0 metres	One pilot vehicle, in addition to the above requirements
> 38.0 metres	Two pilot vehicles, in addition to the above requirements
> 42.0 metres	Police assistance is required

L.C.V. Units (Long Combination Vehicles) are the only exception to the length requirements, a permit is still required for an over-length vehicle, but they would not need to adhere to the above flagging and pilot vehicle requirements

HEIGHT (Any loads less than or equal to 4.15 metres are considered legal)	
> 5.2 metres	Request is reviewed as a Vessel/Building move, review of the request may take anywhere from five to ten business days

UNLICENSED EXCESS LOADS
